Expressways ➔

Since Hokkaido is big, it is better to use expressways for your trip. There are no stoplights to interrupt you.

● ***At the toll gate***

There are two kinds of toll gates.

◆ One is **一般** gate.

一般 is general lane. If you don't have ETC card. You are required to go through **一般** gate.

◆ The other one is **ETC専用** gate.

This lane is for exclusive use of the car installed with ETC equipment and the customer who hold a ETC card.

?? What is the difference of 一般 and ETC専用 ??

一般 ⇒ make a payment at the each toll gate.

ETC専用 ⇒ You can drive through the toll gate without paying toll each time.
The toll can be paid when you return the car according the record.

ETC CARD RENTAL IS ON REQUEST.
YOU CAN REQUEST WHEN YOU BOOK THE RENT-A-CAR

● ***Drive in the Cruising Lane***

A two lane expressway is divided into the 'cruising lane' and 'passing lane'.

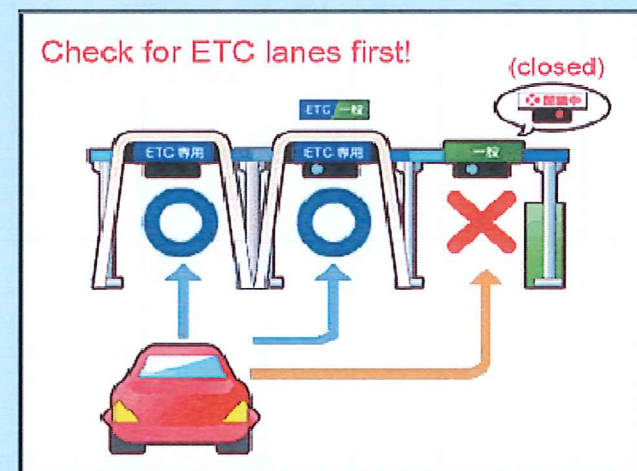

Using ETC

What is ETC?

ETC system enables drivers to pay a toll without stopping at a tollgate. If the car has ETC inserted, the ETC card. The toll can be paid later according to the record.

When driving on expressway using the ETC system, pass through lanes designated as ETC (indicated with the sign **ETC専用**) or lanes designated for ETC cars and cash payment cars (indicated with the sign **ETC / 一般**)

Procedure of ETC rental

- 1, Request ETC card rental when you book rent-a-car.
- 2, You will receive ETC card at the counter of TOYOTA RENT A CAR shop.
- 3, Insert the ETC card properly, then enjoy driving in HOKKAIDO!
- 4, When you return rent-a-car please make a payment according to the record.

NOTE: ETC card rental is available only when the car is returned to
New Chitose Airport SUZURAN SHOP, KEIO-PLAZA Shop, SAPPORO STATION NORTH shop.

Additional points of note

- **Is your ETC card inserted properly?**

The gate won't be open if you have not properly inserted the ETC. When getting into your car, insert the card correctly into ETC and ensure that it is working properly.

- **Pass through the ETC lane no faster than 20 km/h**

Keep slower than 20 km/h. due to avoid accidents. The gate may not be opened due to transmittance error, or the car before you may suddenly stop.

- **Keep a safe distance between your car and the car ahead when entering the ETC lane.**

Vehicles in front of your car might stop suddenly.

- **Never reverse**

In the event that your car stops suddenly in the ETC lane, never reverse. That could put you at risk of rear-end collisions with following cars and collisions with attendants. Wait for attendant.

- **Never enter ETC lane when its signal light is red.**

At Gas Station

Don't run out of gas at a mountain pass. For long-distance driving in vast Hokkaido, refuel once a day!

● ***Two types of gas Station***

There are two types of gas station.

One is **FULL SERVICE/フル** gas station.

Follow the instructions of the attendant, who will refuel your car.

What only you have to do is tell the staff “MA-N-TA-N” which means “FULL TANK”.

The other one is **SELF SERVICE/セルフ** gas station.

You refuel your car by yourself.

This is Self Service gas station

Road signs represent the law, and breaking the law can lead to accidents. Traffic violations are subject to punishment. Please comply with the rules and enjoy safe and secure driving.

	One way		Stop
	White circle, red ring, blue number inside shows speed limit (in km/h)		No U turn
	No parking		No entry except in the designated direction.
	No parking or stopping		Do not enter

Enjoy driving in Hokkaido!
Have a nice & safe trip!!

We are waiting
for you!
